

Foothill College

STEM Success Center

Get help before you need it!

The STEM Center offers a place to study on your own or with friends. Computers, printers, scanners, coffee and tea. Feel free to bring your lunch...even heat it up in our microwave!

Our instructors are here throughout the day for help exactly when you need it.

We also offer workshops in Chemistry and Computer Science, and even online Computer Science tutoring.

New this quarter - Build-a-Workshop! Just get a study group of students together, and one of our instructors can join your group weekly. We'll even help you form your study group.

For a complete schedule, to find out how to access online help, or to organize a study group, visit www.psme.foothill.edu

**Study Groups,
One-on-one Tutoring,
Online Help...**

**...and a comfortable
place to study.**

**WHERE:
Room 4213**
